Subject: GSW design review: streetscape + misc project elements

Pedro, David, Adam, and Sally,

Now that GSW submitted its BC/SD packages on June 15th, we'd like to begin the next phase of design refinement with you. We've reviewed the May 8th letters from Pedro and David Winslow with feedback on our Schematic Design and a list of areas you've identified for further review and discussion. In our first meeting, we'd like to share with you the updates we've made based on your feedback to date on the items below. There is urgency in reviewing these, particularly the Streetscape plan, since we need Staff approvals before we can share the design with Mission Bay Development Group which will ultimately be updating its permit documents, submitting for permit, and then constructing the work. Therefore, we'd like to find 90 minutes during the middle of next week during one of the following windows – please respond with your availability.

Times for a 90-minute meeting (likely a combination of in-person and GoTo):

- Tuesday, June 30: 9:00am – 12:30pm
- Wednesday, July 1: 9:00am – 11:30am
- Wednesday, July 1: 1:30pm – 5pm
- Thursday, July 2: 9:00am – 11:30am

The items for discussion are:

- Streetscape plan (i.e., number and spacing of trees, number, size and location of media pedestals, driveway design)
- Illinois Moment design and location of stairs
- Arena's southeast corner lobby/roof fin
- Bayfront Terrace

Thanks,
Clarke
