Subject: Warriors Arena in Mission Bay--NO!
Date: Friday, July 24, 2015 10:58:15 AM

I think putting a sporting arena that close to a hospital with very sick people is not only bad planning, it is greedy and selfish. The hospital and the UCSF buildings were there first. The traffic, noise, pollution, and general crowding and confusion that this plan would bring should be obvious to everyone concerned. I vote no on the arena in Mission Bay.
