RECEIVED

7/25/15

CITY & COUNTY OF SF  
PLANNING DEPARTMENT  
M.E.P.

Dear Mr. Bollinger,

As a native San Francisco  
a homeowner and a tax payer  
I am writing to request that  
you do not approve a stadium  
to be built in Mission Bay  
right next to a busy hospital.

We are already experiencing  
gridlock on our streets and constant  
disruption from construction sites  
everywhere.

The idea that the MIT will  
come up with traffic solutions is  
laughable on the face of it.

Please consider that our city is  
small and already bursting at the  
stams.

Respectfully,  
Priscilla Wheeler
