Clarke, Kate, Dwight and Mallory:

See attached UCSF license agreement for restroom access inside of secure lobby space as well as below stats from SFMTA on other similar agreements citywide. I'm hopeful we can reach a similar agreement with the Warriors for special event shuttle operator use of the restrooms within the two office lobbies so operators aren't delayed making their runs waiting in line with other patrons at the gatehouse.

Let me know if you have any questions.

Best,

Adam

Adam:

Per our conversation today:

- The SFMTA may have approximately 16 uniformed Muni Operators serving the Warriors Arena in Mission Bay during pre- and post-events.
- The SFMTA Muni Operators need access to restrooms that are within approximately 50' – 100' from the shuttle bus terminals, and are available whenever the shuttle bus service operates, in order to meet the scheduled service.
- Attached is a sample License between the SFMTA and UCSF for the use of UCSF's restrooms inside 555 Mission Bay Blvd. South.
- The SFMTA would consider a License with no charge for access to restrooms in a new office building for the new shuttle bus service to the Warriors Arena. There are already 54 businesses, agencies and other buildings that provide no charge access to Muni Operators and other SFMTA field staff.

Attached is the Email I sent to you on 7/23 with the summary and below is an update.

Summary of Restrooms for Muni Operators and other SFMTA Field Staff in San Francisco and Daly City:

Demand:

- 102 transit line terminals, 15 terminals with “gaps” include 3 with no facility, 9 of 11 Portables to be replaced. Fill the “gaps” – expand Licenses, Prefabs, no charge access restrooms.

Supply:

- 26 Permanents, 11 Portables, 33 Licenses, Leases & Use Permits, 54 Other Restrooms Available to Muni Operators and SFMTA Field Staff (including 19 Extras) = 124 + restrooms in Muni yards

Please let us know if you want to meet to discuss this further.

Thank you.

Julie, Erin and Kirsten:

See attached diagram showing a 2.5 minute walk from both the northern and southern event shuttle staging areas to restrooms inside the gatehouse building on Third Street. Given the limited number of runs per driver (will any make more than 2 roundtrips pre- or post-event?) I'm hopeful this will meet their needs. Can one of you give me a call to discuss?

Thanks,

Adam

Adam,

Please see attached for a quick study of the walking travel time to the Gatehouse restrooms.

Conservatively, at 2 ½ minutes each way, that allows 5 minutes for waiting and using the restroom. Can you confirm with MTA that this is acceptable?

Thanks,

Clarke

Hi Clarke,

When do you expect to have further information from MTA on the Muni restroom “requirements”? I am adding this to our action item list as we would like to have the plan set asap.
