Peter and Roberta:

The Warriors EIR is posted at <http://www.sf-planning.org/index.aspx?page=1828> and <http://sfocii.org/index.aspx?page=61>.

Carbon credits are discussed in Volume 2 Section 5.5 of the DSEIR (the project sponsor has committed to Improvement Measure I-C-GG-1 to purchase Voluntary Carbon Credits, see page 5.5-12) as well as Response to Comments in Volume 4 and directly to SFMTA CAC member Sue Vaughan's comments in Volume 5 beginning on page 13.4-10 (the full FSEIR at the above two links are fully searchable by keyword).

Subject: Fwd: GSW

All:

I just presented to our Board CAC and they asked for three pieces of info: Can you help me with the following?

- Info on Event Center Carbon Credits (Chris or Adam)
- EIR doc website links (Adam/Sally)
- Diagram of T Third center platform variant, including showing how/where tracks that widen to flank the new platform (Cathal)

Please send me text and diagrams. Then I will provide them to our Board Secretary for CAC distribution.

Thanks,
Peter Albert

Subject: GSW and Superbowl

Thank you for coming last night. I'm glad we got it done. A few follow-up things to note regarding what they requested or we committed to providing:

- Daniel Weaver asked staff to send information about the Event Center carbon credits to the CAC.
- Mark Ballew requested additional information regarding the platform tracks.

- You committed to sending them the environmental docs (which I'll send as a link when the MTAB docs are posted)

Roberta
